Bulb is an alternative energy supplier. Request a price quote by visiting the links above... I switched to Bulb Energy in April 2019 using a referral link provided by my daughter. Both she and I received a £50 Bulb account credit. In September 2021, due to the energy crisis (<https://www.theguardian.com/money/2021/sep/25/uk-energy-supplier-switch-price-cap-bills>), Bulb Energy was placed in Special Administration (<https://bulb.co.uk/blog/bulb-special-administration>). Existing Bulb customers will continue to receive an uninterrupted energy supply...!!!
